# Skin Penetration

---

Record ID (please type in a unique identifier for your survey return)

---

## 1. THE FOLLOWING QUESTIONS RELATE TO SKIN PENETRATION

Skin penetration is a procedure which incorporates the skin being cut, punctured, torn or shaved and/or a mucous membrane being cut, punctured or torn. Some beauty therapies, such as waxing, manicure, pedicure, shaving, tweezing, electrolysis and acupuncture are also considered skin penetration procedures.

Within your Local Government in 2021/2022 ...

---

Were skin penetration premises categorised by risk in your local government?

- Yes  
 No

---

How many low risk skin penetration establishments were in operation?

\_\_\_\_\_

(Low risk refers to those establishments conducting non-critical procedures.)

---

How many medium risk skin penetration establishments were in operation?

\_\_\_\_\_

(Medium risk refers to those establishments conducting semi-critical procedures.)

---

How many high risk skin penetration establishments were in operation?

\_\_\_\_\_

(High risk refers to those establishments conducting critical procedures.)

---

What was the total number of skin penetration premises in your local government (please estimate if you do not have available records)?

\_\_\_\_\_

---

How many complaints related to skin penetration services were received?

\_\_\_\_\_

---

Inspections of skin penetration services occurred:

- Only in response to a complaint  
 On a regular basis in accordance with risk-rating  
 On a regular basis regardless of risk-rating

# Events

Record ID (please type in a unique identifier for your survey return) \_\_\_\_\_

## 2. THE FOLLOWING QUESTIONS RELATE TO EVENTS

An event is a gathering of people brought together for a common purpose by some prearrangement. Questions related to 'approval' refer to approval under the Public Buildings Regulations 1992.

This question regards all public events (such as fetes, concerts and outdoor music festivals, school concerts, carols, family day events, routine sporting events, non-competitive motor racing, equestrian events, extreme sports or an event with camping). Within your Local Government in 2021/2022 ...

Were events in your local government categorised by risk?

- Yes  
 No

Which option best represents the approach undertaken by your local government regarding the assessment of event risk?

- The event risk classification tool from the Department of Health's guidelines for concerts, events and organised gatherings.  
 Assessment is based on internally developed risk assessment protocols.  
 No formal approach to risk assessment is undertaken.  
 Other

How many low risk events were approved? \_\_\_\_\_

How many medium risk events were approved? \_\_\_\_\_

How many high risk events were approved? \_\_\_\_\_

How many event applications were not approved? \_\_\_\_\_

How many events with an estimated attendance of less than 1,000 persons were approved? \_\_\_\_\_

How many events with an estimated attendance of more than 1,000 and less than 15,000 persons were approved? \_\_\_\_\_

How many events with an estimated attendance of more than 15,000 persons were approved? \_\_\_\_\_

Were complaints related to events captured?

- Yes  
 No

How many complaints related to events were there? \_\_\_\_\_

Inspections of events services occurred in your local government:

- To check on a specific requirement / certification  
 On a regular basis determined by risk-rating  
 On a regular basis regardless of risk-rating

# Public Buildings

---

Record ID (please type in a unique identifier for your survey return)

---

## 3. THE FOLLOWING QUESTIONS RELATE TO PUBLIC BUILDINGS

Within your Local Government in 2021/2022 ...

---

Were public buildings in your LG categorised by risk?

- Yes  
 No

---

Which option best represents the approach undertaken by your Local Government regarding the assessment of public building risk?

- Assessment is based on internally developed risk assessment protocols  
 No formal approach to risk assessment is undertaken  
 Assessment/Inspections are generally conducted as a result of a complaint  
 Other

---

How many public buildings were categorised as low risk?

---

How many public buildings were categorised as medium risk?

---

How many public buildings were categorised as high risk?

---

How many inspections of low risk public buildings were conducted by your Local Government?

---

How many inspections of medium risk public buildings were conducted by your Local Government?

---

How many inspections of high risk public buildings were conducted by your Local Government?

---

How many public buildings (in total) were there?

---

How many public building inspections were conducted by your Local Government?

---

How many complaints were received about public buildings?

---

How many Section 39 Certificates were issued by the Local Government

---

# Housing

---

Record ID (please type in a unique identifier for your survey return)

---

## 4. THE FOLLOWING QUESTIONS RELATE TO HOUSING

Within your Local Government in 2021/2022 ...

---

How many known cases of hoarding were there?

\_\_\_\_\_

(Report all known cases, not just new cases)

---

How many known cases of hoarding with resident/s living in squalor were there?

\_\_\_\_\_

---

How many houses were declared unfit for human habitation?

\_\_\_\_\_

---

How many complaints were received related to dampness or mould in housing?

\_\_\_\_\_

---

How many complaints due to dampness or mould were for Homeswest houses?

\_\_\_\_\_

---

How many complaints related to mould or dampness were considered resolved?

\_\_\_\_\_

---

Did your Local Government maintain a register of lodging houses?

Yes  
 No

---

How many lodging houses were registered?

\_\_\_\_\_

(Include total number of lodging houses registered, not just new registrations)

---

How many complaints were received related to registered lodging houses?

\_\_\_\_\_

---

How many inspections of registered lodging houses were conducted?

\_\_\_\_\_

# Water facilities

Record ID (please type in a unique identifier for your survey return) \_\_\_\_\_

## 5. THE FOLLOWING QUESTIONS RELATE TO POTABLE AND NON-POTABLE WATER

Within your Local Government in 2021/2022 ...

How many premises self-supply drinking water and also provide drinking water to members of the public ?

(Example of premises which supply drinking water to the public inc. roadhouses, regional airports, local government facilities, caravan parks, shops, schools, camp sites)

How many premises which self-supply drinking water and provide drinking water to members of the public are owned and/or operated by the Local Government? \_\_\_\_\_

Was there a service provided by the Local Government to test self-supplied drinking water?

- Yes - microbiological quality only  
 Yes - microbiological and chemical quality  
 No

On what basis does your Local Government undertake testing of drinking water supplies not supplied by a licensed drinking water scheme supply?

- Routine frequency  
 Based on request  
 Incident response  
 Fee for service  
 Other

Did the service provided by the Local Government to test drinking water supplies extend to discrete Aboriginal communities?

- Yes  
 No

How many Local Government operated drinking water fountains were there? \_\_\_\_\_

Was the water tested at least once from all the Local Government operated drinking water fountains?

- Yes microbiological testing only  
 Yes both microbiological and chemistry testing  
 Yes testing occurred at all sites but a combination of testing was undertaken  
 No

Was there a process to register drinking water bulk carter businesses that operate within the Local Government?

- Yes  
 No

How many stand pipes for carting potable water were operated by the Local Government? \_\_\_\_\_

How many stand pipes for carting non-potable water were operated by the Local Government? \_\_\_\_\_

# Aquatic facilities

---

Record ID (please type in a unique identifier for your survey return)

\_\_\_\_\_

---

## 6. THE FOLLOWING QUESTIONS RELATE TO AQUATIC FACILITIES

How many of the following were registered within your Local Government in 2021/2022 ...

---

Public swimming pools:

\_\_\_\_\_

---

Public spa pools:

\_\_\_\_\_

---

Water playgrounds, spray parks, wave parks and water slides:

\_\_\_\_\_

---

Hydrotherapy pools:

\_\_\_\_\_

---

Flotation tanks:

\_\_\_\_\_

# Recreational waters

---

Record ID (please type in a unique identifier for your survey return)

---

---

## 7. THE FOLLOWING QUESTIONS RELATE TO RECREATIONAL WATER BODIES

How many recreational (primary or secondary contact) water bodies, which are popular for public use, were located within your Local Government of the following types in 2021/2022 ... ?

---

Ocean and marinas/harbours:

---

---

Rivers and estuaries/inlets:

---

---

Dams and reservoirs:

---

---

Lakes:

---

---

Waterholes and rock pools:

---

---

Lagoons, creeks, brooks and streams:

---

# Environmental waters

---

Record ID (please type in a unique identifier for your survey return)

---

## 8. ENVIRONMENTAL WATER

Of the publicly accessible recreational water bodies which are located within your Local Government in 2021/2022 ...

---

How many microbial recreational water body monitoring sites were there?

---

---

How many tests in total were conducted at the microbial recreational water body monitoring sites?

---

---

How many sanitary inspections were undertaken for environmental and/or recreational water bodies?

---

---

How many tests for algae in environmental/recreational water bodies were conducted?

---

---

How many environmental/recreational water bodies experienced at least one algal bloom within the last year?

---

---

How many times were health warning signs erected at an environmental and/or recreational water body?

---

---

How many local media statements or social media health warnings were issued in relation to an environmental/recreational water body?

---

---

How many times were environmental and/or recreational water body sites investigated?

---

---

How many water bodies were incorporated in either State or other governance/management arrangements?

---

(Such as national and marine parks, ski lakes etc.)

---

How many were privately owned and/or managed?

---

# Wastewater

---

Record ID (please type in a unique identifier for your survey return) \_\_\_\_\_

---

## 9. THE FOLLOWING QUESTIONS RELATE TO WASTEWATER

Regarding wastewater within your Local Government in 2021/2022 ...

---

Does the Local Government operate a sewerage scheme?  Yes  
 No

---

Did the Local Government provide oversight for wastewater management in discrete Aboriginal communities within the Local Government?  Yes  
 No

---

How many applications to install an on-site wastewater system were received? \_\_\_\_\_

---

How many on-site wastewater installations were approved? \_\_\_\_\_

---

How many septic tanks and leach drain installations and alterations (primary treatment) were approved? \_\_\_\_\_

---

How many secondary treatment system installations were approved? \_\_\_\_\_

---

How many maintenance reports were expected to be received? \_\_\_\_\_

---

How many maintenance reports were received? \_\_\_\_\_

---

How many on-site (primary or secondary) wastewater complaints were received? \_\_\_\_\_

---

How many sewerage spill complaints were received? \_\_\_\_\_

---

# Recycled water

---

Record ID (please type in a unique identifier for your survey return) \_\_\_\_\_

---

## 10. THE FOLLOWING QUESTIONS RELATE TO RECYCLED WATER

Regarding wastewater reuse within your Local Government in 2021/2022 ...

---

Does the Local Government operate a recycled water scheme?  Yes  
 No

---

Are all connections to the Local Government operated sewerage scheme approved by the Chief Health Officer?  Yes  
 No

---

Does the Local Government have a current recycled water Quality Management Plan?  Yes  
 No

---

Are all areas irrigated using recycled scheme water included in the Department of Health approval conditions for the scheme?  Yes  
 No

# Wastewater overflows

---

Record ID (please type in a unique identifier for your survey return)

\_\_\_\_\_

---

## 11. THE FOLLOWING QUESTIONS RELATE TO WASTEWATER OVERFLOWS

Regarding wastewater overflows within your Local Government in 2021/2022 ...

---

How many notifications were received?

\_\_\_\_\_

---

How many site inspections were undertaken?

\_\_\_\_\_

---

How many sites required multiple visits and/or inspections?

\_\_\_\_\_

# Pesticides

Record ID (please type in a unique identifier for your survey return) \_\_\_\_\_

## 12. THE FOLLOWING QUESTIONS RELATE TO PESTICIDES

Pesticide is a generic term which includes including herbicides, insecticides, rodenticides, fumigants etc. Within your Local Government in 2021/2022 ...

Which of the following pests did your Local Government receive complaints about?

- Mosquitoes
- Other biting insects (including bed bugs, march flies, ticks etc)
- Other non-biting insects (including ants, termites, cockroaches etc)
- Midge (biting or non-biting)
- Weeds
- Rodents
- Feral vertebrates (including pigeons, rabbits, foxes, cats etc)

Did your Local Government have a current pest control program?

- Yes
  - No
- (The term 'pest' refers to both pests and weeds.)

What pests were managed as part of the pest control program?

- Mosquitoes
- Other biting insects (including bed bugs, march flies, ticks etc)
- Other non-biting insects (including ants, termites, cockroaches etc)
- Midge (biting or non-biting)
- Weeds
- Rodents
- Feral vertebrates (including pigeons, rabbits, foxes, cats etc)

Did the pest control program include integrated pest management?

- Yes
  - No
- (Integrated pest management includes the use of both chemical and non-chemical control measures (e.g. physical, cultural and biological control) for pest and/or weed management.)

Did the pest control program include a pesticide use policy?

- Yes
- No

Did the pest control program include a pesticide use notification plan?

- Yes
- No

Were any complaints about pesticide use received?

- Yes
- No

How many of the complaints related to local government operator's application of pesticides? \_\_\_\_\_

---

How many of the complaints related to a commercial pest management technician's application of pesticides?

---

# Mosquitoes

---

Record ID (please type in a unique identifier for your survey return) \_\_\_\_\_

---

## 13. THE FOLLOWING QUESTIONS RELATE TO MOSQUITOES

Within your Local Government in 2021/2022 ...

---

Was mosquito management undertaken?

- Yes  
 No
- 

Which of the following mosquito management activities were undertaken?

- Chemical control (e.g. larvicide, residual barrier treatment, fogging)  
 Physical control (e.g. runnelling, depression filling, drainage, vegetation maintenance)  
 Cultural control (e.g. public education)  
 Other
- 

Was there a current mosquito management plan?

- Yes  
 No  
(A mosquito management plan is an overarching document that describes all aspects of a management program, including the program's objectives, nuisance/disease risks, mosquito breeding sites, management strategies, land owners, necessary permits/approvals, budget and resource requirements etc.)
- 

How many complaints related to mosquitoes were received? \_\_\_\_\_

---

Was surveillance of adult mosquitoes undertaken?

- Yes - regularly (at least monthly during high risk season)  
 Yes - ad hoc as required (for example in response to complaints)  
 No
- 

What did the surveillance of adult mosquitoes include?

- Abundance and species  
 Abundance only
- 

Was surveillance of larval mosquitoes undertaken?

- Yes - regularly (at least monthly during high risk season)  
 Yes - ad hoc as required (for example in response to complaints)  
 No
- 

What did the surveillance of larval mosquitoes include?

- Abundance and species  
 Abundance only
- 

# Asbestos

Record ID (please type in a unique identifier for your survey return) \_\_\_\_\_

## 14. THE FOLLOWING QUESTIONS RELATE TO ASBESTOS

Some additional questions have been included in this area of the survey to assist with new WA reporting requirements introduced under the National Strategic Plan for Asbestos Awareness and Management 2019-2023 (see attached).

Within your Local Government in 2021/2022 ...

[Attachment: "National Strategic Plan for Asbestos Awareness and Management 2019.docx"]

Were any queries and/or complaints about asbestos received?

Yes  
 No

How many asbestos queries and/or complaints received were related to demolition/renovation/damaged asbestos-containing material? \_\_\_\_\_

How many asbestos queries and/or complaints received were related to high pressure cleaning of asbestos-cement products (e.g. roofs)? \_\_\_\_\_

How many asbestos queries and/or complaints received were related to fire? \_\_\_\_\_

How many asbestos queries and/or complaints received were related to illegal dumping? \_\_\_\_\_

How many asbestos queries and/or complaints received were related to fencing? \_\_\_\_\_

How many 'other' asbestos queries and/or complaints were received? \_\_\_\_\_

How many infringement notices for asbestos were issued? \_\_\_\_\_

What was the total amount, in dollars, collected from infringements? \_\_\_\_\_

How many improvement notices for asbestos were issued? \_\_\_\_\_

How many prosecutions for asbestos were undertaken? \_\_\_\_\_

What was the total amount, in dollars, (collected) in prosecutions for asbestos issues? \_\_\_\_\_

How much money was spent on the clean up of illegally dumped asbestos? \_\_\_\_\_

---

Has any information updates or promotional activities (been undertaken) related to asbestos in the last 12 months?

- Yes  
 No

---

Specify which:

- New or update to published guidance/fact sheets  
 Safety alert/incident report  
 Posters  
 Webinars  
 Videos  
 in person community presentations  
 Social media posts  
 Added standard advice regarding asbestos on Building Permits  
 Other

---

Do local government owned and operated commercial/public buildings, land and/or infrastructure that may contain asbestos have an up-to-date register:

- All  
 Most  
 A few  
 None  
 No local government owned infrastructure identified

---

Do local government owned and operated commercial/public buildings, land and/or infrastructure that may contain asbestos have an up-to-date Asbestos Management Plan?

- All  
 Most  
 A few  
 None  
 No local government owned infrastructure identified

---

Does the register or asbestos management plan include a risk assessment/condition report?

- Yes  
 No

---

Does the register or asbestos management plan include a prioritised removal plan?

- Yes  
 No

---

Do you have any further comment on asbestos management or the asbestos survey questions?

---

# Pollutants

Record ID (please type in a unique identifier for your survey return) \_\_\_\_\_

## 15. THE FOLLOWING QUESTIONS RELATE TO AIR QUALITY AND CHEMICAL POLLUTANTS

Within your Local Government in 2021/2022 ...

Were any queries and/or complaints about air quality received?

Yes  
 No

How many of the air quality queries and/or complaints received were related to local industrial emissions? \_\_\_\_\_

How many of the air quality queries and/or complaints were related to dust and other contaminants from construction? \_\_\_\_\_

How many of the air quality queries and/or complaints received were related to traffic? \_\_\_\_\_

How many of the air quality queries and/or complaints received were related to smoke from residential wood heaters? \_\_\_\_\_

How many of the air quality queries and/or complaints received were related to smoke from burn-offs? \_\_\_\_\_

(Include prescribed, as well as council and private landholder burns.)

How many 'other' air quality queries and/or complaints were received? \_\_\_\_\_

How many permits to burn were issued by your local government? \_\_\_\_\_

How many council burns were conducted? \_\_\_\_\_

Were any queries and/or complaints about other chemical pollutants (not air quality) received?

Yes  
 No

How many of the chemical pollutant queries and/or complaints received were related to heavy metals? \_\_\_\_\_

How many of the chemical pollutant queries and/or complaints received were related to pesticides? \_\_\_\_\_

How many of the chemical pollutant queries and/or complaints received were related to hydrocarbons? \_\_\_\_\_

How many 'other' chemical pollutant queries and/or complaints were received? \_\_\_\_\_

# Clandestine activities

---

Record ID (please type in a unique identifier for your survey return) \_\_\_\_\_

---

## 16. THE FOLLOWING QUESTIONS RELATE TO CLANDESTINE DRUG LABORATORIES AND SMOKE HOUSES

Within your Local Government in 2021/2022 ...

---

Were any queries and/or complaints about clandestine drug laboratories or smoke houses received?

Yes  
 No

---

How many of the queries and/or complaints received were related to clandestine drug laboratories?

\_\_\_\_\_  
(Excluding Department of Health notifications.)

---

How many of the queries and/or complaints received were related to smoke houses?

\_\_\_\_\_  
(For example drug user residues.)

---

How many of the queries and/or complaints received were related to cannabis grow houses?

\_\_\_\_\_  
(Excluding Department of Health notifications.)

# Preventable disease

---

Record ID (please type in a unique identifier for your survey return) \_\_\_\_\_

---

17. THE FOLLOWING QUESTIONS RELATE TO HEALTH POLICY, STRATEGY OR PLANS WHICH ALIGN WITH THE PUBLIC HEALTH ACT 2016

Within your Local Government in 2021/2022 ...

---

Does your Local Government have a local public health plan?  Yes  
 No

---

Did your Local Government have a current policy, strategy or plan on:

---

Public open space:  Yes  
 No

---

---

Tobacco/smoke free environments:  Yes  
 No

---

---

Alcohol management:  Yes  
 No

---

---

Shade:  Yes  
 No

---

---

Healthy eating / fast food outlets:  Yes  
 No

---

---

Climate change:  Yes  
 No

---

---

Does your LG have a policy to support or deliver services to discrete Aboriginal communities?  Yes  
 No

---

# Development Assessments

---

Record ID (please type in a unique identifier for your survey return) \_\_\_\_\_

---

## 18. LAND MANAGEMENT / DEVELOPMENT APPROVALS IN YOUR LOCAL GOVERNMENT

Within your Local Government in 2021/2022 ...

---

Does your local government have any agricultural areas that are bordered by residential land where pesticide spray drift is likely to be an issue?  Yes  No

---

Does your local government have any industrial areas that are bordered by residential land where land-use incompatibilities are likely to be an issue?  Yes  No

---

How many development proposals were received that required, but did not apply, the relevant EPA separation distances? \_\_\_\_\_  
(EPA stands for Environmental Protection Authority.)

---

Do you have any offensive trades (noxious industries) in your local government?  Yes  No

---

How many caravan parks do you have in your local government? \_\_\_\_\_

---

Does your local government have any temporary worker camps / villages / accommodation?  Yes  No

---

How many temporary worker accommodation areas / villages / camps do you have in your local government (approximate if necessary)? \_\_\_\_\_

# Data systems

Record ID (please type in a unique identifier for your survey return) \_\_\_\_\_

## 19. DATA SYSTEMS OF LOCAL GOVERNMENT

This section attempts to determine which areas of the annual reporting requirement are being experienced as a particular burden by local governments.

The Department of Health acknowledges that annual reporting (both mandatory and optional) require local government to assign an officer (as a human resource) to undertake the task. These questions are targeted at the information systems that must be queried to obtain the relevant information for reporting.

Within your Local Government in 2021/2022 ...

Does your local government have particular systematic limitations across the reporting requirements (where particular limitations refers to any requirement to manually count items / data entries or use guesswork in providing appropriate responses due to limitations in data systems).

- Yes  
 No

Please indicate whether the particular imitations of your system are due to specific topic areas limitations or due to limitations of the functions of local government or both.

- Topic area system limitations  
 Functional areas of local government system limitations

Please check any of the following areas where reporting topic areas present particular difficulties or significant resource burden to your local government as a result of the questions asked in this survey instrument

- Events  
 Public buildings  
 Skin penetration premises  
 Lodging houses  
 Food premises  
 Recreational waters / environmental waters  
 Aquatic facilities  
 Drinking water management  
 Wastewater management / wastewater overflows  
 Development / land planning  
 Mosquito management  
 Pest management  
 Pesticide management  
 Air quality management  
 Asbestos management  
 Urban toxicology issues (including clandestine laboratories in housing)  
 Housing management (including houses unfit or hoarding issues)

Registrations / premises / locations numbers data extractions
